TERMS:—

NETT CASH ON DELIVERY OF GOODS.

In exhibiting the following pages of designs Messrs West and Collier wish it to be understood that they in no way embrace the full extent and variety of their manufactures, but W. & C. will be pleased to forward other Illustrations or Sample Chairs if purchasers will state the purpose for which such goods are required.

W. & C. do not include Carriage in their list of Prices, as they have quoted lowest prices for their manufactures compatible with good workmanship. Neither do they allow for breakages by rail; all claims for which must be made on the carrier. Half-price allowed for all Packages if returned Immediately Free of Expense.

W. & C. would call special attention to Nos. 7 10 11 12 16 and 17 as being very superior articles and would take the liberty to always recommend the better class Chairs, especially where intended for permanent use.

W. & C. have great pleasure in stating that they are often receiving letters from the Clergy and others, speaking in high terms of their manufactures, and by kind permission they give three letters on the next page, which they have received within the last few days.

Messrs. West & Collier are persons of the highest respectability and integrity, doing their best, and with great success, to give satisfaction to their numerous patrons and customers. Their chairs, especially their church chairs, are now so well known in every part of the United Kingdom that it is hardly necessary to recommend them to the public, but I can speak of them in the highest terms.

For Shipping Orders a great saving in the cost of Freight is effected by having the parts fitted and then packed separately in cases, thus taking up much less room.

Estimates given for packages on application.

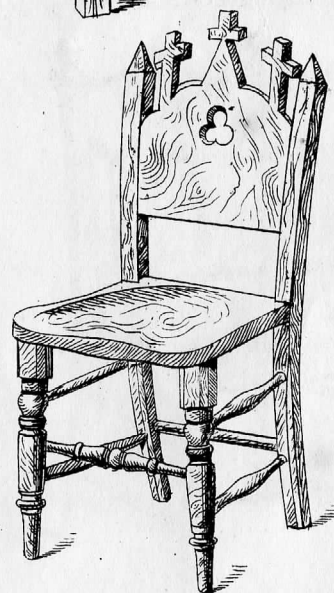

Any of the Church Chairs can be stained a good oak colour varnished, and packed at an extra cost of 6/- per dozen. W. & C. would take this opportunity to strongly recommend their Oak Stain and Varnish as it greatly improves the appearance and preserves the wood.

Bookshelves can be affixed to any of the chairs, as shown in sketch No. 9, at 4/- per doz. extra, or as shown in sketch No. 11 at 3/- per doz. extra. We recommend the latter way as being less liable to damage in transit.
